

## PROPOSED ITINERARY TO MALTA

### GENERAL INFORMATION

The quirk of the Maltese Islands is their Mediterranean charm and climate coupled with Anglo-Saxon traditions. Part of the British Empire for over 150 years, Malta is an unique place to tour combining friendly hosts, a warm climate with temperatures in the mid 70's in April and May and plenty of nightlife. Food and drink are very reasonably priced and there is plenty to do in the lively resort of St Julians where we usually host our groups.
